

Figure 1

The diagram illustrates a rectangular device with a top surface (1) and a bottom surface (4). The device is shown with a top view and a side view. The top view shows a central area with a 'Projector' and 'Volume' section, a 'Control' section, and a 'Window' section. The side view shows the device's profile with a top edge (25) and a bottom edge (26). The device is connected to a power source (5C) via a cable (25). The device is also connected to a ground (26) via a cable (26). The device is shown with a top view and a side view, with electrical connections indicated by plus signs and dashed lines.
